Other Important Information:

- The State Aid Report was completed.
- Julie needs limited access to library bank accounts in order to check balances. My name must be on the accounts in order to do this. Also, SB&T is now charging 5.99 a month for checking accounts unless they are changed to basic checking status. Is this something the Township needs to do, or should I do this once my name is on the accounts?
- Hoopla will be available to patrons on May 1st.
- Discussion about upcoming millage. Julie had two online trainings last week. One was regarding millage renewal and the other regarding the Headley Rollback Amendment. I have found a library law lawyer with extensive background in millage renewal, Anne Seurynck of Foster Swift Collins & Smith PC out of Grand Rapids. She has a satellite office here in St. Joe County. She is highly recommended by the Library of Michigan.

- Horse manure problem in parking lot.
- The Colon Methodist Church would like to pass out free coffee and donuts at the FOL Flower Sale. They want to do this as a community service.
- Discussion and approval for library building and grounds projects.
- New library software beginning May 1st.
