**Other Information:**

- Security cameras were installed.
- The five chrome books we received through our grant are here and are ready for checkout!
- The air conditioning went out two weeks ago. We had a breaker problem on one of our HVAC units, and found that the other HVAC unit was completely out of coolant. Randy Jackson quickly fixed the breaker, and Good's Heating and Cooling is giving us a quote for repair and replacement.
- We had a sewer backup event on Friday, May 20<sup>th</sup>. The basement bathroom, room outside of the bathroom, and Scout Room were flooded with raw sewage. I notified Dennis Cristofaro, Kelli Poortenga, Sandy Jackson, and Matt at the DPW. ServePro came and cleaned. We are currently waiting on a plumber from D&K Drain who will be here Tuesday, May 24<sup>th</sup>, to work on the problem. We are unable to use the sinks or flush the toilets until he repairs the drain. Signs will be posted.
- Giving Tree Fundraiser begins June 1<sup>st</sup>.
- Local History Room is coming along and slated to be open in some capacity by Magic Week. Sherry Engle and I submitted a grant for an archival consultant's

assistance, as well as \$2,500 for supplies or contracted services.

- I am writing a grant for environmental sensors (used to detect smoke and temperature) grant for the library. If I am successful, they will reimburse the library for up to 5,000. I want to request the library board pass a resolution endorsing the application to the Michigan Twp. Participating Plan Risk Reduction Grant Program.
- I am applying for a medium-size federal grant (awards between 5,000-25,000). It's for improving access to information grant through LSTA - Library Services and Technology Act. This would be used for digitizing documents in our new Local History Room.
